Surf N150 Wireless N Router

Belkin’s Surf N150 Wireless Router is the no frills way to simply connect to the Internet. Great for email and web surfing the router has pre-set security and easy set-up to get you up and running right out of the box.

Overview

Easily Connect to the Internet

Connect to the Internet securely in three easy steps with the Belkin Surf Wireless Router (F7D1301uk). Featuring Wireless-N and MIMO technologies, this router will give you speeds of up to 150 Mbps on Wireless-N networks, letting you surf the Web, email, and instant message from anywhere in your home. With "Easy Start" and preconfigured WPA/WPA2 and WEP encryption settings, your network will be up and running securely in just a few minutes. Plus, Belkin's integrated "Self-Healing" Application provides automatic resolution of potential network problems, keeping your connection hassle-free.
